THE FUTURE OF THE CLUB

WHAT IS TORCH?

Torch is an International Association of Torch Clubs (IATC), founded 7/10/24 (Club 1) in Minneapolis, Minnesota. IATC is a group of respected persons practicing recognized professions who enjoy the cultural interchange of knowledge. “We get together monthly to learn... we learn from doing thorough research on a subject of our interest, and we learn from hearing the research and presentations of other members. We love learning and have fun getting together to do so.” This quote was by Appleton Torch Member Leota Ester during the June 2009 IATC Convention, at Appleton, Wisconsin and is the crux of what Torch is all about. The Delaware club was founded in 1930 as the #43rd Club.

Local Torch Clubs operate in 67 locations in 21 US States and Canada. Each has a monthly dinner meeting, which is highlighted by the presentation of a paper by a member or guest on a topic of general interest to such a group. Following the presentation, the members discuss the subject.

It is through this sharing of knowledge and point of view that Torch becomes a unique and beneficial experience.

The clubs are a nonprofit corporation which provides common services to its member organizations. A total of 2170 members are presently represented by IATC. See page 44 for complete membership breakdown by region and number of clubs, and pages 39-42 for Torch clubs hosting annual conventions since 1927.

WHAT IS A GOOD TORCH PAPER?

The question often comes up, “How is a Torch paper judged?” The guidelines that are offered to members include:

Selection of Topic

- Contemporary significance: Is the subject relevant to today's world?
- Universal interest: Does the theme touch all Torch members?
- Expertise: Does the speaker/writer have firsthand knowledge of the subject?
- Substance: Is the paper merely entertaining - or does it give the audience something to think back on?

Preparation of Paper

- Clearly stated thesis: Does it meet Webster's definition of "a position or proposition that a person advances and offers to maintain by argument"?
- Attractive lead:
 - Do (Will) the opening remarks attract the audience's attention and involve it in the subject immediately?
 - Is the thesis stated early so the audience has time to marshal its arguments?
- Well organized/logical conclusion:
 - Do the main points follow in orderly progression?
 - Does the conclusion wrap up the presentation in logical fashion?
- Freshness: With few really new subjects, does the paper offer a creative approach or something unique in its presentation?

Results

- Adherence to time schedule: Did (Will) the speaker finish well within the prescribed 30 to 40 time minute limit so an equal amount of time is available for discussion?
- Discussion: Did (Will) the paper stimulate debate on the thesis?

Humor

- Consider the judicious use of levity, which keeps any audience on its collective toes.

It's a simple method to evaluate a Torch paper, and no attempt is made to weigh each element in importance, but together they add up to success. The brochure on developing **A Good Torch Paper** is available.

The IATC Best Yearly Talk

- The Pinnacle of success for a local torch talk is to be judged by an IATC Paxton Awards Committee and thus be presented before the international gathering of clubs at their annual June convention. See the annual conventions venue history, which is recorded in pages 39 – 42 of this roster booklet.

BENEFITS OF MEMBERSHIP

Membership in TORCH is different: There is no obligation to champion causes. The club does not participate in civic projects. No one is expected to propagate prescribed ideas. Regularity of attendance is encouraged, but not required.

Membership in TORCH is beneficial: The interaction among the various professions represented in a TORCH club is a stimulating experience. Everyone who participates benefits from the wide range of thought in the variety of papers presented, as well as from the lively discussions which follow.

Membership in TORCH is enjoyable: It offers fellowship in a congenial atmosphere with persons representing a broad range of professional life. It is an intellectual treat to meet face-to-face with other professional persons in a relaxed situation. The exchange of ideas is invigorating.

What is expected of a TORCH member? It is assumed that members are sufficiently interested to attend whenever possible. Members are expected to contribute to the program by preparing papers when invited to do so and by entering into the discussion.

THE TORCH CLUB OF DELAWARE-EIGHTY FIFTH YEAR, 1930-2015

Over the Eighty-four year history of the Delaware Chapter, members from industry, academia, law, medicine, and government have offered their ideas and perspectives to the Torch membership. The founder of the Torch Club of Delaware in 1930, while president of the University of Delaware, was Dr. Walter Hullihen. The U of D Morris Library is responsible for the Torch Club of Delaware Archives. A sampling of some of the persons who have reflected many varied professional interests while members of the Torch Club of Delaware are:

Bushka Bass	Librarian	Alex Mills	Catalytic Scientist
Ed Buxbaum	Anthropologist	Norm Nielsen	Metallurgist
Henry Cady	Music Educator	Bob Osborne	Engineer
Wallace Crook	Electrical Engineer	Fred Parker	Sociologist
Frank Daiber	Marine Biologist	Bill Poole	Attorney
Mike Diebold	Chemist	Herb Pratt	Chemical Engineer
Ralph Elliott	Market Researcher	Jerry Small	Dentist
Mac Fleming	Museum Administrator	Fred Somers	Biologist
Laura Franta	Financial Analyst	Dick Stazesky	Clergyman
John Gray	Molecular Biologist	John Swanks	Boy Scout Executive
Clarice Heckert	Legislator	Merl Teel	Agronomist
Herb Herglotz	Physicist	Don Tilman	Agricultural Economist
Florence Hess	Social Worker	Stephen Toy	Immunologist
Jim Kakavas	University Dean	Vern Vernier	Physician
Fred Keidel	Mineralogist	Richard Winkelmayer	Psychiatrist
John Kelso	Bank Officer	Jack Wright	Human Services Administrator
Chris Kraft	Geologist	Barbara Zajac	Virologist
Don Marquardt	Statistician		
Mathias	Clergyman		
JimMcNeely	Electronic Materials Scientist		

**BYLAWS OF THE
TORCH CLUB OF DELAWARE**

Article I

Name

The name of this organization shall be the Torch Club of Delaware.

Article II

Charter

Section 1. This Club is a member of the International Association of Torch Clubs, Incorporated, a nonprofit corporation and agrees to be bound by the constitution and bylaws of said Association and by the lawful acts of its officers and Board of Directors.

Section 2. The general purposes of this Club shall be to encourage communication among members of the various professions, to provide opportunity for leading members of such professions to meet together in the spirit of good fellowship for the exchange of knowledge and an understanding of each other's problems and aspirations, to prevent the narrowing tendencies of specialization by developing a breadth of thought and culture, and to foster the highest standards of professional ethics and civic well-being.

Section 3. The Club agrees to cooperate with other member clubs and with the officers and directors of The International Association of Torch Clubs, Incorporated, in furthering the interests and welfare of the Association and its member clubs through exchange of information and speakers, the extension of Torch to new areas and by sending a delegate to the annual convention of the Association.

Article III

Statement of Policy

The Club shall encourage freedom of discussion and expression of opinion on all subjects and shall not take any action or public position, by resolution or otherwise, upon any political, social, or religious proposal or measure. Neither shall the Club endorse any candidate for public office.

Article IV

Membership

Section 1. To be considered for membership, a candidate must be a professional person:

(a) who is in good standing (either active or retired) in a profession or discipline that is pursued in a recognized professional manner.

(b) who has a degree from an accredited school, or is professionally recognized as having an acceptable equivalent in training and experience.

(c) who in the judgment of the Club

1. has pursued work that requires a mastery of knowledge or skills, the exercise of judgment, and the assumption of individual responsibility.

2. evidences an obligation of service to society.

3. has maintained standards of professional competence and integrity.

(d) who is known to be intellectually alert, socially companionable, financially responsible, and of good moral and ethical standing, and

(e) who is interested in Torch objectives and who is able and willing to contribute to Club programs.

Section 2. Except as waived by the Board of Directors in each case, the number of members in any profession be limited to twenty percent of the total active membership.

Section 3. Nominations for membership must be made by a Club member and approved by the chairman of the Membership Committee. The person accepted for membership shall complete a Membership form and pay the prescribed initiation fees and dues.

Section 4. Membership shall be limited to seventy-five (75) members, provided that members transferred from other Torch Clubs are not counted in this quota.

Section 5. Emeritus status is designated to members that have provided exemplary interest and service to the Club and have become unable to frequently attend meetings. Emeritus members shall be exempt from payment of all dues, but shall routinely receive a copy of the annual club roster and monthly programs.

Article V

Government

Section 1. The government of the Club shall be vested in a six-member Board of Directors consisting of the three current officers and three at-large directors. The officers of the Club shall be the President, Vice President, and Secretary-Treasurer, each of whom shall serve during the Club's fiscal year, and until their successors are elected. Each director shall serve for three years with one elected each year. The President shall serve as Chairman of the Board. No salary shall attach to any office but the Club shall reimburse the officers for any necessary expenses incurred in the management of Club affairs.

Section 2. Meetings of the Board of Directors shall be called by the President or any three members thereof. Four members of the Board shall constitute a quorum for transacting any business.

Section 3. The President and other officers shall perform the duties usually incident to the offices. In addition, the Secretary-Treasurer shall file with the International Association of Torch Clubs, Incorporated, a copy of the membership

application for persons elected to membership, all meeting reports as they become due, and any program papers worthy of publication in the Torch magazine.

Section 4. The Secretary-Treasurer, Vice President, one director and President shall be elected at the regular April meeting of the Club.

Section 5. Each year, at least two months before the annual convention of The International Association of Torch Clubs.

(IATC), the Board of Directors shall appoint from the Club membership a delegate who is able to attend the convention. Presently, Torch International credits the local club \$250, which by Board action on 2/26/01, remains in the local treasury rather than a reimbursement for a delegate expenses, inasmuch as the club has routinely fielded several members to recent national conventions. See the annual conventions venue history recorded in pages 39 – 42 of this roster booklet as well as the recognition of IATC officers that have been local Delaware Torch Club members (see page 22).

Article VI

Committees

There shall be four, three-member standing committees of the Club as given below:

(a) The Program Committee shall be responsible for arranging Club programs, selecting program speakers and publishing the Club's annual Member Roster Handbook. The program committee shall be by appointment of the Board of Directors.

(b) The Membership Committee shall be responsible for keeping the Club membership quota filled with qualified persons of a wide range in ages and professions. The membership committee shall be by appointment of the Board of Directors.

(c) The Finance Committee shall be responsible for the financial health of the Club. This includes proposals for dues and assessments, evaluation and proposals

of meeting sites, and periodic auditing of the financial records. The finance committee shall consist of the Secretary-Treasurer (chairman) and two directors.

(d) The Nominating Committee will meet on or before the regular March meeting of the Club. The report of the Nominating Committee shall be presented at the April meeting when additional nominations may be made from the floor. The election shall be by voice vote of members in attendance or by ballot as determined by the President. Vacancies in any office shall be filled by the Board of Directors for the unexpired term. The Nominating Committee will be by appointment of the President.

Article VII

Club Meetings

Section 1. The Club shall meet regularly each month October through May, on the dates and at the places fixed by the Board of Directors annually starting with the October meeting.

Section 2. The President may call a special meeting at any time, and shall do so on request in writing of at least five (5) active members.

Section 3. The Annual Meeting of the Club shall be the regular April meeting.

Section 4. Written notice of the time and place of all meetings shall be given to each member by the Secretary-Treasurer.

Section 5. Twenty-five percent (25%) of the active membership of the Club shall constitute a quorum for transacting Club business.

Section 6. Robert's Rules of Order shall govern all meetings of the Club and the Board of Directors.

Section 7. Any member at personal expense may invite guests to Club meetings.

Article VIII

Membership Fees and Dues

Section 1. The initiation fee for every new member shall be ten dollars (\$10.00). A sample, effective 1/31/11, is shown on page 37 payable with an executed application.

Section 2. Annual Dues, are payable on or before the May meeting. As of June 2009, those member dues are \$60.00 (\$50.00 national and \$10.00 local). The 1/31/11 IATC New Membership Application Form requires the \$10 initiation fee at the time of new membership, irrespective of the May meeting annual dues clause for all members.

Section 3. The Secretary-Treasurer shall mail the special dues notice to each member in April, and, to those who do not pay in May, a personal reminder in October. Any member who has not paid dues by January 1 may be dropped from membership by the Secretary-Treasurer upon review by the Membership Committee.

Section 4. The fiscal year of the Club shall be from October 1 through September 30.

Article IX

Amendments

These bylaws may be amended as follows:

(a) by a two-thirds vote of the members present at any meeting of the Club provided notice of the proposed amendment shall have been given to the members individually at least two weeks prior to the meeting, or announced to the Club at a regular meeting prior to the meeting to vote on adoption of the amendment, or

(b) without notice by a unanimous vote of the members present at any regular meeting of the Club, provided that after a proposed amendment has been read at said meeting a motion to waive the requirement of notice of the proposed amendment has been unanimously adopted.

Article X

Effective Date

These bylaws are effective as of January 31, 2011.

PRESIDENTS

Walter Hullihen - Educator & Founder of The Delaware Torch Club	1930-1931
Bryant White - Corporate Executive.....	1931-1932
